¹⁰ If a person has an interim visa this means they are waiting for Immigration to finish processing an application as Immigration issues interim visas if the old visa has run out but the new visa is still being processed. To determine the eligibility of an interim visa holder you should look at what their eligibility status was immediately prior to being issued the interim visa. For example, the person had a two year work permit and has been issued with an interim visa while waiting for their application for another two year work permit to be processed. Immigration usually issues Interim visas in a letter form.
